EDUCATION

Vellore Institute of Technology, Chennai Campus

Bachelor's in Technology, Computer Science and Engineering

August 2023 - August 2027

Third year student with a current cumulative GPA of 9.08 out of a maximum possible 10.

PROJECTS AND CERTIFICATIONS

Introduction to Deep Learning with Pytorch – DataCamp

Working on building up Deep Learning skills in order to participate in research projects utilizing this emergent field.

Intermediate Deep Learning with Pytorch – DataCamp

In this course, I developed robust deep learning models with PyTorch for a range of applications.

Machine Learning Specialization – Coursera

Completed the certification course covering Machine Learning, hosted on Coursera and offered by Deep Learning.AI and Stanford University.

Finance Foundations – Coursera

Completed the certification course covering the foundations of financial management, including performance ratios of companies and understanding financial statements.

ABOUT

A passionate tech enthusiast and a keen believer in Moore's Law, I am looking to be an integral member in projects that challenge the boundaries of current technologies. I want to extend the developments in Machine Learning and Data Science into fields like Supply Chain Management and Logistics. I am intrigued by the possibilities brought to manufacturing by technologies like AI-driven machining and computational analysis of materials and aim to explore the interconnection of these fields further.

SOFT SKILLS

Diligent Research
Effective Communication
Quick Thinking
Team Management
Cross-Cultural Communication
Award-winning orator in English

TECHNICAL SKILLS

Programming Languages– Python, Java, C, C++, SQL

Machine Learning and Deep Learning using Tensorflow and Pytorch

Linux Application Development using C and C++

Web Programming

LANGUAGES

English, Hindi, Tamil, Malayalam

Currently learning A1 level German and French
